

Danielle Hoey

Software Engineer

(413) 822-2738 · danianisehoey@gmail.com · Lunenburg, MA · [LinkedIn](#) · [GitHub](#) · [Portfolio](#)

SUMMARY

Software Engineer with extensive customer service experience and a specialty in full-stack software development and application design. Views challenges as opportunities to improve and feedback as motivation for creativity and innovation. A strategic and resourceful self-starter, adept at problem solving and able to resolve issues by diving into documentation and quickly learning new information. Able to thrive in independent, self-managed work while displaying exceptional situational awareness, interpersonal and communication skills that are necessary to collaborate in teams toward mutual goals. Can communicate technical information clearly and effectively to non-technical audiences, proving a solid understanding of foundational concepts.

SKILLS

Programming Languages - JavaScript | Python | HTML | CSS | JSON

Frameworks - React | Django | NodeJS | Express

Databases - MongoDB (Mongoose), Postgres (SQL)

Other - Postman, REST APIs, JWT Authentication, GitHub, Object-oriented Programming, Agile Development Methodologies
