

# Danielle Hoey

Software Engineer

(413) 822-2738 · [danianisehoey@gmail.com](mailto:danianisehoey@gmail.com) · Lunenburg, MA · [LinkedIn](#) · [GitHub](#) · [Portfolio](#)

## SUMMARY

Full-Stack Software Engineer with a focus on Front-End Development and extensive customer service and interpersonal skills. Committed to creating user-friendly and visually appealing web applications that meet both technical requirements and customer needs. Views challenges as opportunities to improve and feedback as motivation for creativity and innovation. Can communicate technical information clearly and effectively to non-technical audiences, proving a solid understanding of foundational concepts. A valuable asset to any organization seeking to deliver high-quality software solutions, with a track record of success in customer liaison, problem-solving, and cross-functional team collaboration.

## SKILLS

**Programming Languages** - JavaScript | Python | HTML | CSS | JSON | JSX

**Frameworks** - React | Next.js | Django | Node.js | Express

**Databases** - MongoDB (Mongoose), Postgres (SQL)

**Other** - Postman, REST APIs, JWT Authentication, GitHub, Object-oriented Programming, Agile Development Methodologies
